Story Cards

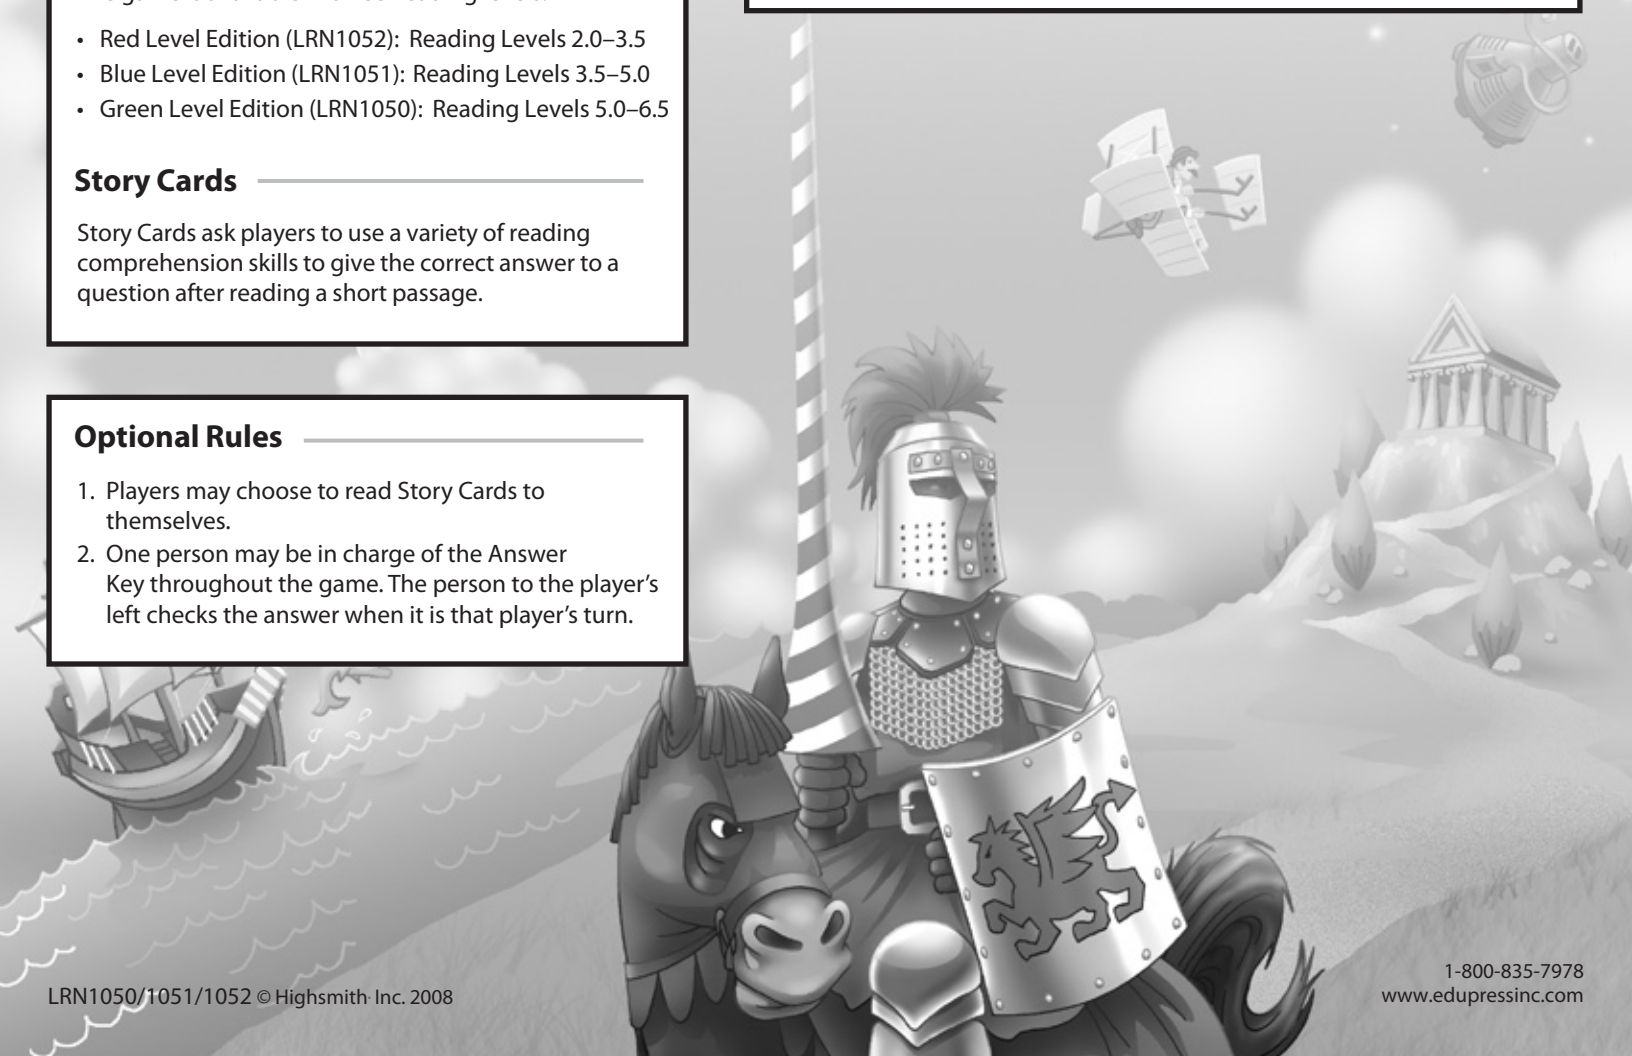

Story Cards ask players to use a variety of reading comprehension skills to give the correct answer to a question after reading a short passage.

Rules of the Game

1. Each player selects a pawn and places it on the Start space. Shuffle the Story Cards and place them in a pile to the side of the board.
2. Take turns rolling the die. The player with the highest number goes first. The player to the left of that person will check the Answer Key. Play continues to the left and the Answer Key passes to the player on the left with each turn.
3. The first player rolls and moves that number of spaces. If a player lands on a "Pick a card" space, the player chooses a Story Card. The player reads the card out loud and tells the player with the Answer Key his or her answer.
 - If the player is correct, he or she moves ahead one space and follows the directions on that space if there are any. Play then passes to the left.
 - If the player is incorrect, he or she places the card at the bottom of the deck and play passes to the left.
4. The Distant Future Finish does not need to be reached on an exact roll. However, the player must correctly answer a final question to win.

Optional Rules

1. Players may choose to read Story Cards to themselves.
2. One person may be in charge of the Answer Key throughout the game. The person to the player's left checks the answer when it is that player's turn.
