

Suitcase Pattern

Zelda and Ivy Sleeping Bags.

Cut construction paper into approximately 5" x 6" pieces.

Fold the construction paper in half lengthwise to make a sleeping bag.

Turn back one corner

Glue the bottom and side edge together up to the folded corner so the sleeping bag has an opening.

With a scrap or circle of construction paper, draw, color, and cut out Zelda, Ivy (or Eugene!).

Glue or tape the fox to a craft stick.

Place the stick inside the sleeping bag with just the head poking out.

Decorate the sleeping bag.
